

Ebony Polish

For ebony fingerboards of string instruments

Description

Ebony Polish is a premium-quality paste specifically designed to provide a brilliant and protective finish for ebony wood.

Its unique formulation enhances the wood's natural beauty and resonance, delivering a durable shine that preserves both the aesthetic and functional qualities of the instrument.

This easy-to-apply polish is an indispensable product for professional luthiers and musicians dedicated to maintaining their instruments.

Composition

Contains soft abrasive components and cleaners.
Safe, non-flammable, and non-irritating.

Properties

Colour: dark brown
Texture: paste
Characteristic odour
Flashpoint: > 60°C.

Application

Ensure the ebony surface is clean and free of contaminants before applying the product.

Using a clean, lint-free cloth, pour a small amount of the polish onto the fabric. Spread the polish in a lengthwise motion, applying gentle pressure.

Rub the surface several times.

Wait a few minutes, then use another clean cloth to remove any residue from the surface.

Rub again to enhance the soft, shiny finish.

This product is suitable for regular cleaning and maintenance of instruments.

Storage

Keep the container tightly closed and in a cool place, and do not expose it to direct light. Avoid sources of heat, radiation, static electricity and contact with food. Under these conditions, the product is stable for more than two years.

Security

According to Regulation No 1272/2008 (CLP), this product is not a hazardous substance or mixture.

According to the available data, it is not considered hazardous to the environment.

Protective gloves against minor hazards and panoramic goggles against splashes and/or projections are recommended.

All information related herein is provided to the best of our knowledge and understanding and should not be considered a guarantee. The recipient must conduct tests to determine the suitability of the information provided.
